

PWT \$30.00 sale

Okay, here's the scoop.

All items are for Southwest Windpower products.

All items have been sitting around here for gawd knows how long and they are going out the door – one way or the other.

All items are plus postage at cost.

Air 303, Air 403, Air X, Air Breeze or Windseeker.

Each item is just \$30.00.

Each item should be regarded as second hand even if it's new. In other words, don't expect to return it to me if you don't like the colour.

Okay, let's start with the Air 303.

I do have some other bits and pieces, faces, bodies, rotor's etcetera. Don't ask for blades or nose cones because I don't have any. Anything you ask for that I can supply but isn't listed here is gonna set you back a whole \$10.00.

If you want the whole lot it is going to set you back \$600.00. CHEAP!

Today is 19th August 2016, my boat is finished and I'm going sailing in about 6 weeks, if this little lot hasn't sold it will be dumped in the bin. I'm outa here.
